PERSONAL STATEMENT

Birmingham-Southern College is committed to the total development of each and every student. Your application and resume may give us a partial view of who you are and what you hope to accomplish. A writing sample, however, will give us a greater opportunity to learn more about the "whole" you. Please write or type a 250-500 word personal statement on any topic of your choice. Topics may include a significant life experience, personal aspirations, the importance of a Birmingham-Southern College liberal arts education, or local, national or international concerns. Your statement should include your name, a title, and page number(s). Please carefully revise and edit your statement as all qualities of good writing including structure, grammar, and spelling will also be considered.

I certify that the above information is accurate and complete. If my application is approved, I agree to abide by the policies, rules, and regulations of Birmingham-Southern College.
